

The Wessex Ridgeway Relay Race Results 2007

Well done to all the teams who took part. I am glad that organising an event for 'grown up' runners who do not expect to be molly-coddled is so popular.

Well, this year the Doddlers managed to make a clean sweep of the prizes, with some sterling performances. Poole Runners managed to stay in front until leg 4, when the Doddlers eased past to continue their lead to the finish.

Special mention has to be made of the following:

The French contingent who came over from Paris to run with the Trotters, it was great to go international!

Ines Braun and Ian Holmes, who were crazy enough to run six consecutive legs each, in a team of two.

Garry Parrat of Axe Valley who (nearly) ran alternate legs.

And Linda Falkener of the Doddlers who on the Friday before was volunteered to run two consecutive legs, but was so fast that she got to the change over before her team-mate arrived and ran three in a row.

The change over times in blue are accurate.
