

Wessex Ridgeway Results 2014

Congratulations to all teams who managed to complete the race. Commiserations to one team who were DNF due to an injury.

It was a total turn around this year. Dorset Doodlers put in yet another strong team but this year managed to pull out an impressive lead. Rather than winning by 43 seconds, this year they were nearly 2 1/2 hours faster than the next team. Poole were not too far behind until leg 6, where reliance on modern technology converted a 6 mile leg into a 16 mile leg.

So Emma and I had a long wait for the second team to arrive. Not too bad this year, sitting in the sun, and Em having the odd beer or two. I must use factor 50 next year.

I must apologise for not providing a complete set of results, either I forgot to extract with menaces filled in timing sheets or somehow I have managed to lose a few.

I would also be grateful if anyone would like to comment about this years medal. As the old hands will remember I have presented the finishers with mugs in previous years, so your choice of mug/bespoke hand crafted medal would be appreciated.
